EXPERIENCE

Sumo Digital, Leamington Spa — *Senior Game Designer, Project TBA*

MAY 2021 - PRESENT

At Sumo Leamington I worked as a Game Designer on a TBA project, where I was responsible for developing gameplay through rapid unity prototypes, experimenting with gameplay modes and player interaction, and for writing documentation for the implementation of those features.

I was also responsible for designing the player progression roadmap along with the system and rate for how we would be expected to implement future content as a live-ops game.

Star Stable Entertainment, Stockholm — *Game Designer, Star Stable Online (MMO)*

NOVEMBER 2016 - MAY 2021

At Star Stable, I have worked in many roles, starting as a content designer writing and implementing quests, events, and competitions.

Besides my work as a Game Designer, I have also worked as a team leader on several projects and have taken an active role in seeking out and interacting with the player community.

Sample projects I have worked on include

- **Soul Riding – Engagement feature**
 - Leading a team of people from multiple disciplines to communicate a vision and craft a cohesive new experience for the players.
 - Analyzing player data to conclude how to best approach reactivation of lapsed players.
 - Rapid prototyping of new gameplay and obstacle/enemy behavior.
- **Halloween – Limited time event**
 - Creating novel experiences for the players using existing assets.
 - Designing rewards structures that appeal to both casual and hardcore players.
 - Writing a story to play out over a limited-time event.
- **Collections – System**
 - Designing a new system to allow for the creation of a large amount of content for a low cost to support live ops.
 - Working close with programmers to ensure delivery meets requirements.
 - Creating content for said system, tying it in with a narrative wrapper.
- **Trail Rides – System**
 - Designing a system for modular events to allow players to tell their own stories.

PARTICULAR SET OF SKILLS

- Game Design
- Systems Design
- Narrative Design
- Economy and Progression Design
- Games-as-service
- Data-informed Workflow
- Rapid Prototyping
- Unity
- C#, C++, Python
- Unreal Blueprints
- Adobe Photoshop
- Microsoft Suite
- Team Management
- Comprehensive Documentation
- Creative Writing

LANGUAGES

- Swedish (native)
- English (fluent)

EDUCATION

Playground Squad, Falun — *Game Design Curriculum*

AUGUST 2015 - MAY 2017

2-year vocational degree including 6 months of internship at Star Stable Entertainment.

The education included 3 game projects, where I worked with Game Design, Team Management, Agile Development, and Programming in C++.

ACTIVITIES AND PERSONAL PROJECTS

Game Jams

I have participated in 13 Game Jams since 2011, serving as Game Designer and Programmer. Game Jams have given me experience in the importance of Rapid Prototyping and the ability to deliver.

Donna Day

2017, 2018, 2019

Participated in the event and assisted in hosting workshops and round table discussions for women looking to enter the games industry.

<https://www.his.se/en/news/2019/october/donna-day--national-meeting-for-female-game-developers/>

Tracker Scout Department Leader

2010 - 2015

As a Scout Leader of the Tracker Scouts (ages 8-9) I have worked with creating engaging activities and working with other leaders in planning yearly programs within a budget.

Nanowrimo

Participated eight times in writing a 50k words novel during the month of November.

Discord Community Moderator – No Rolls Barred

NOVEMBER 2021 - PRESENT

Active community moderator for the No Rolls Barred Patreon Discord.

No Rolls Barred is a Youtube channel with over 100k subscribers, and as a moderator, I work with the rest of the moderation team to create an active, pleasant and inclusive environment, and to solve conflicts in the community.

Megaweekend Games – Stockholm Museum of Technology

2017, 2018

Participated in the event aimed at engaging children in technology and game development. Arranged workshops in Level Design aimed towards tweens and children.

Twitch Plays Pokémon International Artist Collab

Participated in the production of the Twitch Plays Pokémon International Artist Collab in 2014, a cooperative project of 40 artists from all over the world to create one collaboration picture celebrating the first five months of Twitch Plays Pokémon.
